Parking and Garages

Valet parking is available at both the Main building and West building garages at no additional charge. Regular self-parking rates do apply. Valet hours are from 6 a.m. to 11 p.m. from Monday through Friday (no weekends). Vehicle retrieval is available 24 hours a day, but if you arrive outside of valet parking hours, you will need to self-park. Our valet parking services staff can identify which parking garage a visitor is parked in and retrieve the visitor's car from the garage.

Patients who are admitted to the hospital are provided one validated parking pass at the time of admission. The pass is valid for seven days, as needed, and includes in-and-out privileges.

The Main building garage is for our families and visitors and has dedicated spaces with electric vehicle charging stations. Visitors can drop off their car at the valet podium at the main entrance and pick up their car at the Departure Lounge. The Departure Lounge is open Monday through Friday from 8 a.m. to 4:30 p.m., and it is also a designated pickup spot for Care-A-Van and the Ronald McDonald House shuttle.

Hospital's themed floors for easy wayfinding

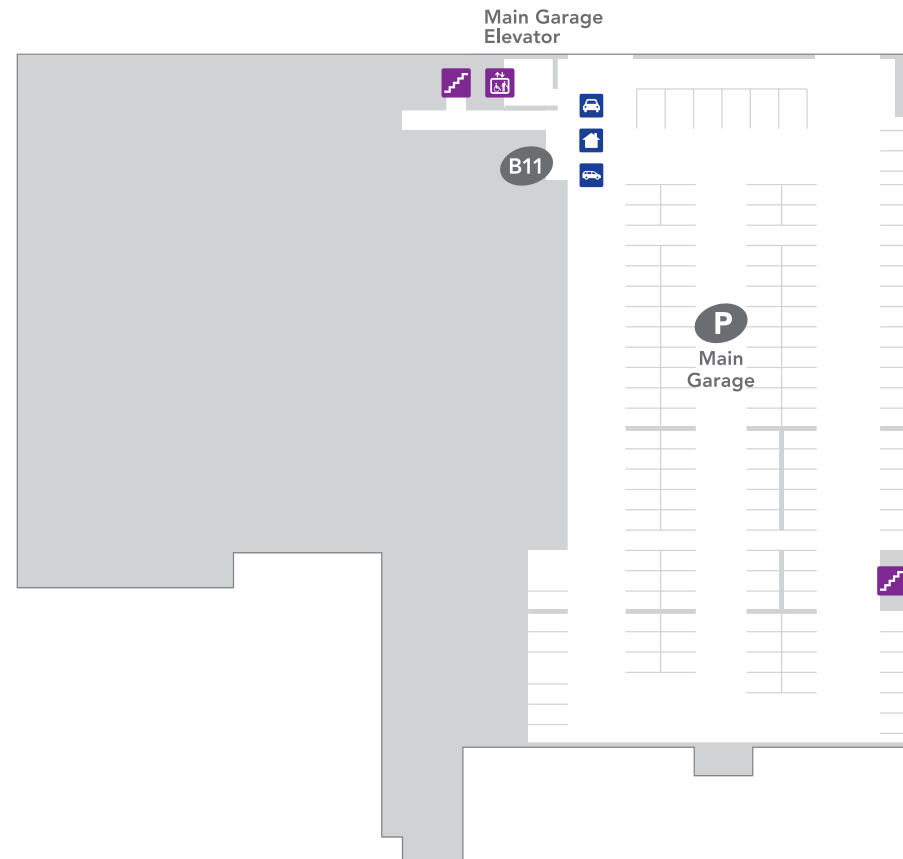

Evoking the imagery of the Northern California ecosystem, each floor at Lucile Packard Children's Hospital Stanford has a different theme and animal ambassadors that give you the feeling that you're part of nature as you move through the hospital.

A coordinated array of animals and colors helps identify the hospital's department names and room numbers.

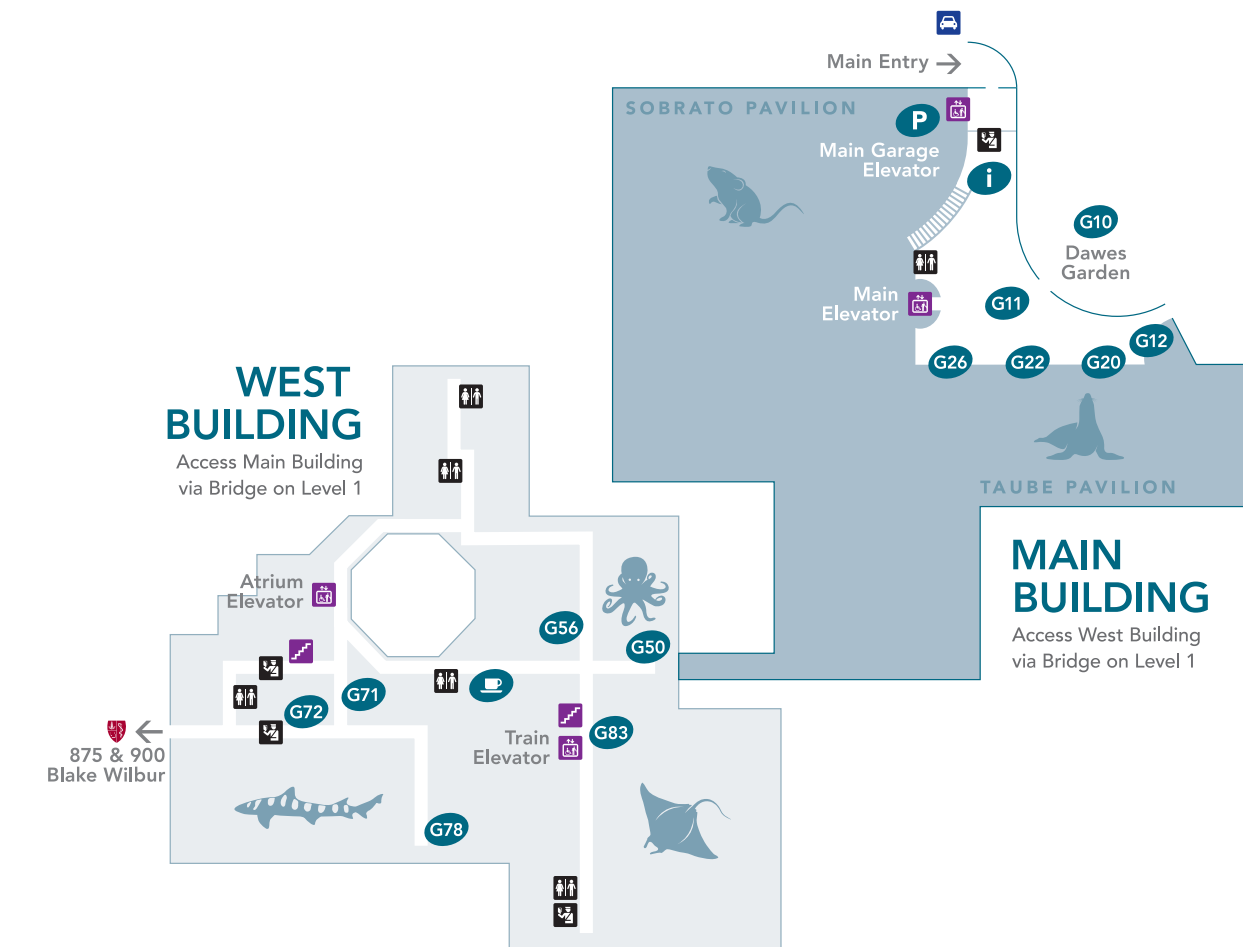

Our large iconic sculptures at the connections—the train, the momma bear and her baby, the toy cow and dinosaur, will help guide you.

It's a delightful way to enjoy the journey.
